Agency banks must be prompt with Govt. instructions: RBI
RBI has asked agency banks i.e. banking entities engaged in government business, to promptly execute instructions received from central and state governments, without waiting for RBI directives. The governments are concerned about implementing programmes in an efficient and time-bound manner. Hence, they are looking for prompt response and cooperation from the banks to ensure easy execution. Banks should directly approach governments concerned for queries related to such instructions. They can contact RBI only for queries related to reporting to RBI.

Regulator’s Speak

Forex reserves don’t work without capital controls

Dr. Viral Acharya, Deputy Governor, RBI said that foreign exchange (forex) reserves do not work in the absence of macro-prudential measures or some form of capital controls. Add to that, the depletion of reserves by short-term external debt can worsen the situation. Macro-prudential regulations have made reserves effective. Foreign portfolio flows in, both, local and foreign debt should be taxed. The net short-term debt claims to foreign investors should include unhedged foreign exposures and all reversible “hot money” flows to arrive at the correct picture of liabilities.

PSB recapitalization will ensure continual fund-flow to productive sectors

The Insolvency and Bankruptcy Code (IBC) has conferred on RBI the authority to direct banks to initiate resolution processes. RBI Governor, Dr. Urjit Patel, hopes that banks will seize this opportunity to overcome the debilitating problem of corporate loan delinquency to get back into the mainstream of financial intermediation. The government has also proposed to take steps to improve the corporate governance of public sector banks (PSBs) by strengthening boards, bringing objectivity into management appointments, and decentralizing decisions to the professional board.

Insurance

IRDAI guidelines for insurance firms to set up offices in financial service SEZs

The Insurance Regulatory and Development Authority of India (IRDAI) has cleared the way for setting up of IFSC (International Financial Services Centre) Insurance Offices (IIOs). With this, it has put in place the process of registration and operation of insurers and re-insurers in IFSC Special Economic Zones, in alignment with the objectives of IFSC-SEZ. As per the guidelines, no person or entity shall commence or undertake insurance or reinsurance business from an IFSC without obtaining prior registration as an IIO from the Authority. The registered IIO may be permitted to transact direct insurance business and reinsurance business within the IFSC, from other SEZs and from outside India. The applicant should demonstrate a minimum assigned capital of ₹10 crores.
