BRIEF BACKGROUND

Established on 30th April 1928 as a company under Section 26 of the Indian Companies Act, 1913, the Indian Institute of Banking & Finance (IIBF), formerly known as the Indian Institute of Bankers (IIB), is a professional body of Banks, Financial Institutions, and their employees in India. IIBF during its 96 years of service been actively involved in examination, training & academics. It has emerged as a premier institute in banking and finance education.

Considering the emerging requirements of finance professionals in the ever-changing dynamic environment, IIBF has been providing quality training. The programs are designed in consultation with industry experts and human resources personnel with an endeavour to address the skill gaps on a continuous basis.

The regular offerings in varied areas prepare the finance professionals ahead of the impending change. IIBF has state-of-the-art training facilities at its Leadership Centre at Mumbai, and it has four Professional Development Centers (PDCs) at Mumbai, Delhi, Chennai and Kolkata catering to the increasing demand for the focused training programmes.

ABOUT THE PROGRAMME

1. **Know Your Customer (KYC)** ensures financial institutions verify customer identities by collecting details such as name, address, and ID proof. This process prevents identity theft, fraud, and money laundering while addressing non-face-to-face customer onboarding and identifying beneficial owners.
2. **Anti-Money Laundering (AML)** involves regulations and procedures to detect and prevent money laundering, where illicit funds are disguised as legitimate income. Financial institutions are mandated to monitor transactions and report suspicious activities to authorities.
3. **Combating the Financing of Terrorism (CFT)** focuses on stopping terrorist organizations from acquiring funds. Like AML, CFT regulations require vigilance in identifying and reporting suspicious transactions potentially linked to terrorism.

These frameworks collectively uphold the integrity of the financial system by mitigating risks of financial crimes. Compliance is not optional; regulatory authorities impose strict penalties on institutions failing to adhere to these mandates. By integrating robust KYC, AML, and CFT practices, financial institutions protect themselves and contribute to global efforts in combating financial crimes effectively.

OBJECTIVES

The programme aims at developing understanding among participants about:

- **Understanding KYC, AML and CFT:** Gain insights into the significance of KYC, AML, and CFT in daily banking operations, including their application and impact on transactions.
