BACKGROUND

Established on 30th April 1928 as a company under Section 26 of the Indian Companies Act, 1913, the Indian Institute of Banking & Finance (IIBF), formerly known as the Indian Institute of Bankers (IIB), is a professional body of Banks, Financial Institutions, and their employees in India. IIBF during its 97 years of service been actively involved in examination, training & academics. It has emerged as a premier institute in banking and finance education. Considering the emerging requirements of finance professionals in the everchanging dynamic environment, IIBF has been providing quality training. The programs are designed in consultation with industry experts and human resources personnel with an endeavour to address the skill gaps on a continuous basis. The regular offerings in varied areas prepare the finance professionals ahead of the impending change. IIBF has state-of-the-art training facilities at its Leadership Centre at Mumbai, and it has four Professional Development Centers (PDCs) at Chennai, Mumbai, Delhi and Kolkata catering to the increasing demand for the focused training programmes.

PROGRAMME OVERVIEW

EMPOWERING BANKS FOR A SECURED AND AUTOMATED FUTURE

The banking sector has undergone a seismic transformation with the advent of digital technologies. From the early adoption of ATMs and core banking systems to the widespread use of mobile apps, internet banking, and AI-driven services, the industry has embraced automation and innovation at an unprecedented pace. This digital evolution has not only enhanced customer convenience but also introduced new complexities in communication, compliance, and cybersecurity.

However, with these advancements come growing threats—phishing, ransomware, data breaches, and rogue applications now pose significant risks to financial institutions and their customers. As digital banking becomes the norm, it is imperative for banking professionals to be equipped with the right blend of technical knowledge, soft skills, and regulatory awareness to navigate this dynamic landscape.

This intensive two-day program is designed to empower participants with critical new-age skills. It covers the fundamentals of banking automation, digital delivery channels, and the role of soft skills in customer communication. Participants will gain insights into cyber hygiene, e-governance, and the legal frameworks governing digital banking in India, including the IT Act, ITAA, and DPDP Act. The course also explores emerging technologies like AI and cryptocurrencies, and how to mitigate associated risks. By the end of the program, attendees will be better prepared to safeguard their institutions, enhance customer service, and stay ahead of future challenges in the digital banking

Hence, we, the PDC, South Zone, Chennai has taken all initiatives to contribute by conducting training programme on the captioned topics to nurture and build up young and confident leadership to shoulder more responsibilities.

PROGRAMME OBJECTIVES

- Strengthen knowledge on Information Security to protect customer data.
- Unlock the potential of Automation in Banking to boost efficiency and innovation.
- Build confidence to manage and mitigate Cyber Threats in the digital age.
- Experience interactive learning: theory, real-life case studies, hands-on demos, and group activities.
