### **BACKGROUND**

During its 98 years of service, IIBF has emerged as a premier institute in the banking industry. Considering the emerging requirements of the bankers in the dynamic environment, IIBF has been offering certification courses and training programmes to the banking professionals.

The training programs are designed in consultation with the industry experts and human resources personnel with an endeavour to address the skill gaps on a continuous basis. The regular offerings in varied areas prepare the banking professionals ahead of the impending change.

IIBF offers virtual training programmes for its Blended Certification courses and many other programmes to facilitate learning across the country.

IIBF also has state-of-the-art training facilities at its Leadership Centre at Mumbai. The Professional Development Centres (PDCs) at Delhi, Chennai, Kolkata Mumbai, Bengaluru, Guwahati and Lucknow cater to the increasing demand for the focused training programmes.

### **PURPOSE**

The Banking Industry is undergoing transformation at an unprecedented pace. A future ready bank needs to be financially, operationally, and organisationally resilient.

Organisations must have the capacity and resilience to protect themselves from adverse incidents and shield their balance sheets. To achieve organisational resilience, banks need to continuously evolve by standardising policies, processes, organisational culture and governance. They must also be flexible enough to encourage diverse ideas and innovations within the organisation.

The young banking professionals are getting immense opportunities to exhibit leadership skills at an early stage of their careers. They have to foresee the changes, adapt quickly to the requirements and guide the teams towards organisation goals in a time bound manner.

As management guru Mr. Peter Drucker has mentioned “Leadership must be learned and can be learned”.

The leadership is influencing people by providing purpose, direction, and motivation. And, the most effective means of influencing people is through communication.
