### **Changes in the DRA module with regard to application for the DRA examination, after completion of DRA training batch**

The following changes have been made in the DRA module with respect to application/registration for the DRA examination, after completion of training batch.

1. The accredited agency will be able to register the candidates' applications for exam, **only after five days of completion/last date of the DRA training batch.**
2. If any negative comments are reported in the inspection report of the DRA training batch, the said batch will be put on **“Hold”**.
3. If the batch is put on **“Hold”**, the accredited agency will not be able to register the candidates' applications of the said batch for the DRA examination.
4. Once the clarification with regard to the negative comments, is received from the accredited agency, it will be reviewed by IIBF.
5. If the clarification received is found to be satisfactory, IIBF will remove the **“Hold”** on the batch, **after which only the** accredited agency will be able to register the candidates' applications for the DRA exam.
6. If the clarification received is found to be unsatisfactory, IIBF will cancel the training batch.
