BACKGROUND

During its 98 years of service, IIBF which is an "Institute of the Bankers, for the Bankers and by the Bankers", has emerged as a premier institute in banking and finance education. Considering the emerging requirements of the bankers in the ever changing dynamic environment, IIBF has been providing training to bankers in select areas. IIBF has world class training facilities at its Leadership Development Center, Mumbai. It also has seven Professional Development Centres (PDCs) at Chennai, Delhi, Kolkata, Mumbai, Guwahati, Lucknow & Bengaluru.

PURPOSE:

Why this programme?

This intensive training program is specifically designed for Branch Heads, Credit Officers, Middle & Senior Management in Commercial Banks, NBFCs, and Financial Institutions. Mastering the Credit Lifecycle demands highly advanced analytical skills, proactive risk management, credit monitoring and strict adherence to RBI guidelines.

From initial due diligence and risk assessment to proactive portfolio monitoring and efficient bad debt recovery, participants will gain competencies crucial for maintaining asset quality and ensuring profitable lending.

Non-Performing Assets are more than just numbers on a balance sheet; they represent locked capital and increased provisioning costs. This 12-session intensive workshop provides:

- Preventative Strategies: Spotting stress before it turns into default.
- Legal Expertise: Mastering the SARFAESI and DRT frameworks.
- Empathetic Recovery: Handling sensitive Agricultural and Retail borrowers.
- MSME Rehabilitation: Learning when to restructure and when to recover.

In an era of evolving regulatory norms and economic shifts, the ability to manage Non-Performing Assets (NPAs) is the hallmark of a successful banker. This program transforms Credit and Field Officers from "debt collectors" into Strategic Asset Managers.
