BACKGROUND

During its 98 years of service, IIBF which is an "Institute of the Bankers, for the Bankers and by the Bankers" has emerged as a premier institute in banking and finance education. Considering the emerging requirements of the bankers in the ever-changing dynamic environment, IIBF has been providing training to bankers in select areas. IIBF has world class training facilities at its Leadership Center at Mumbai. It also has seven Professional Development Centres (PDCs) at Delhi, Mumbai, Chennai, Kolkata, Guwahati, Lucknow and Bangaluru with residential facilities at Delhi to accommodate more than 50 participants at a time.

ABOUT THE PROGRAM

The rapid evolution of Artificial Intelligence (AI) is transforming the landscape of digital lending. From credit scoring to fraud detection and customer experience, AI-driven innovations are enabling financial institutions to deliver faster, smarter, and more inclusive lending solutions. This one-day virtual program is designed to provide participants with a comprehensive understanding of how AI is being integrated into digital lending products and processes, along with practical insights into implementation, regulatory considerations, and emerging trends.

TARGET PARTICIPANTS

Officials from Banks and Financial Institutions working in:

Digital Lending

Retail & MSME Credit

Risk Management

FinTech & Innovation Units

IT / Data Analytics Departments

PROGRAM OBJECTIVES

To understand the role of AI in digital lending ecosystems

To explore AI-driven credit assessment and risk management models

To examine use cases such as fraud detection, underwriting, and customer personalization

To discuss regulatory, ethical, and data governance aspects

To provide insights into future trends in AI-powered lending

CONTENT OVERVIEW

- Overview of Digital Lending Landscape

- AI & Machine Learning in Credit Decisioning

- Alternative Data for Credit Scoring

- AI in Fraud Detection & Risk Monitoring
