BACKGROUND

During its 98 years of service, IIBF has emerged as a premier institute in the banking industry. Considering the emerging requirements of the bankers in the dynamic environment, IIBF has been offering certification courses and training programmes to the banking professionals.

The training programs are designed in consultation with the industry experts and human resources personnel with an endeavour to address the skill gaps on a continuous basis. The regular offerings in varied areas prepare the banking professionals ahead of the impending change.

IIBF offers virtual training programmes for its Blended Certification courses and many other programmes to facilitate learning across the country.

IIBF also has state-of-the-art training facilities at its Leadership Centre at Mumbai. It also has seven Professional Development Centres (PDCs) at Chennai, Delhi, & Kolkata, Mumbai, Guwahati, Lucknow & Bangalore conducting training sessions in virtual mode and physical training classes, covering any banking subjects.

PROGRAMME HIGHLIGHTS

The two-day programme on IT Edge: IT Excellence in Banking will cover the following important areas:

- Overview of the evolving Information Technology (IT) landscape in the banking sector.
- Digital banking transformation, technology trends and their impact on banking operations.
- Core Banking Solutions (CBS), digital payment systems and emerging banking technologies.
- Cybersecurity, cyber threats, information security and data protection practices.
- Digital Personal Data Protection (DPDP) Act, 2023 – Overview, objectives, key provisions, rights and responsibilities of Data Principals, and obligations of Data Fiduciaries.
- Implications of the DPDP Act on IT in Banks – Data privacy requirements, consent management, personal data collection and processing, data storage, access controls, retention and erasure, breach reporting and technology compliance.
- Role of IT systems in ensuring data privacy, security and regulatory compliance.
- Artificial Intelligence (AI), Machine Learning (ML), Cloud Computing and Data Analytics in banking.
- IT governance, technology risk management and regulatory expectations.
- Business Continuity Planning (BCP), Disaster Recovery (DR) and operational resilience.
- Practical case studies and best practices relating to IT and digital transformation in banks.

SESSION WISE COVERAGE

The programme will comprise eight interactive sessions over two days, with each session covering key aspects of IT excellence and technology-driven banking.

- Evolving IT Landscape in Banking
- Digital Banking – Trends and Innovations
- Cybersecurity and Information Security
- DPDP Act, 2023 – Overview and Key Provisions
- Implications of DPDP Act on IT Systems in Banks
- Emerging Technologies in Banking – AI, ML & Cloud Computing
- IT Governance, Risk Management and Regulatory Compliance
- Business Continuity, Operational Resilience & Case Studies

KEY LEARNING OUTCOMES

Upon successful completion of the programme, participants will be able to:

- Understand the evolving IT landscape and its growing importance in modern banking operations.
- Gain knowledge of digital banking platforms, payment systems and emerging technology trends.
- Identify common cyber threats and understand the importance of cybersecurity and information security practices.
- Understand the key provisions, objectives, rights and obligations under the Digital Personal Data Protection (DPDP) Act, 2023.

- Gain practical insights into the implications of the DPDP Act on banking IT systems, including consent management, personal data protection, data storage, retention and breach reporting.
- Understand the applications of Artificial Intelligence (AI), Machine Learning (ML), Cloud Computing and Data Analytics in banking.
- Strengthen awareness of IT governance, technology risk management and regulatory compliance requirements.
- Understand the importance of Business Continuity Planning (BCP), Disaster Recovery (DR) and operational resilience.
- Apply technology-related best practices to improve operational efficiency, data security and customer service in banks.
